

GRAVITY TARGETS AND NEW PROSPECTING PERMITS

Plan view of Darnley Bay Gravity Anomaly (130 mGal), with the 11 priority gravity targets and the new Prospecting Permits PP 7669 and PP 7670 (awarded February 1, 2009).

3D model of the highest density sources, with the 11 priority gravity targets.

Note: Targets 1, 2 and 7 are inaccessible due to their location in a national park. Target 11 is located in the ocean.
